UNITY OF FORT MYERS

*A Positive Path
for Spiritual Living*

Practical teachings for a healthy, prosperous and meaningful life

Spiritual seekers often say that finding Unity is like coming home. Unity is an open-minded, accepting spiritual community that honors all paths to God. It helps people discover and live their spiritual potential and purpose.

As a positive alternative to negative religious experiences, Unity seeks to apply the teachings of Jesus as well as other spiritual masters. Unity affirms the power of prayer and helps people experience a stronger connection with God every day.

Unity emphasizes the practical, everyday application of spiritual principles to help people live more abundant and meaningful lives. Its local spiritual communities offer inspiring ministers, beautiful places to meet like-minded people, social activities, youth groups, retreats, workshops and classes. The Unity movement provides free 24/7 prayer support (Silent Unity); publishes books, magazines (including *Daily Word*) and CDs; sponsors a full-service Web site at www.unity.org; and broadcasts a free 24/7 online radio network at www.unity.fm.

Although personal and spiritual growth come from within, most people appreciate learning, friendships, support and companionship along the way. Unity is committed to helping you find your way to your own understanding—and experience—of God. The result? You feel good about yourself and discover the peace and joy of abundant living.

Discover and come home to a loving and inclusive spiritual community

Where positive-minded people
come together

Reach in, reach out:
We can change the world

People in Unity believe that our world is on the cusp of a new awakening. As we grow in consciousness, we create a more loving and peaceful world.

In Unity, we feel a sacred responsibility, individually and collectively, to make a positive difference through personal example and spiritual social action in our communities and our world.

Through prayer, positive community-building and serving others, we demonstrate that we truly are one. Together, we can create a world that works for all.

Unity: What We Teach

- We all have an innate capacity to know God through direct experience.
- The “Christ” is that part of God that is in every person. There is a spark of divinity within all people, just as there was in Jesus.
- Prayer works.
- Heaven is not a place, but a state of consciousness; we create our own heaven and hell here and now.
- We are here to set a positive example and be a role model for others.
- We are here to make the world a better place.

Unity: Five Basic Principles

1. God is the source and creator of all. There is no other enduring power. God is good and present everywhere.
2. We are spiritual beings, created in God’s image. The spirit of God lives within each person; therefore, all people are inherently good.
3. We create our life experiences through our way of thinking.
4. There is power in affirmative prayer, which we believe increases our awareness of God.
5. Knowledge of these spiritual principles is not enough. We must live them.
